Muhammad Talha

Kot Lakhpat, Lahore | 030355997241 | mt4458649@gamil.com

Objective

Motivated fresher with a strong foundation in coding and a proactive approach to learning new technologies. Excited to contribute to a collaborative environment where I can apply skills and grow professionally in the tech industry.

Experience

Projects in Web Development

Skilled in HTML, CSS, Bootstrap, JavaScript, and currently learning React-JS. Developed the following projects to build practical experience:

- **To-Do List:** A responsive task management app for organizing daily tasks.
- **Crack the Code Game:** A JavaScript-based puzzle game with interactive challenges.
- **Tic Tac Toe:** A two-player game with simple, intuitive design.
- **Anime Website Clone:** A responsive clone of a popular anime site, focused on UI/UX.
- **Stone Scissors Paper Game:** A fun, interactive JavaScript game based on the classic.

Technical Experience

- **C and C++**: Strong foundation with hands-on practice in building structured code solutions.
- **Data Structures & Algorithms**: Skilled in implementing data structures like arrays, linked lists, and trees in C++.
- **OOP in C++**: Experienced with object-oriented principles like inheritance, polymorphism, and encapsulation.
- **Assembly Language**: Basic understanding of low-level programming and hardware interactions.

Education

Apex Group of College, Lahore | ICS 2022

Major: Computer Science | Grades: A+

Govt. Science College, Lahore | BS Computer 2024

Major: Computer Science | 4th Semester | CGPA: 3.5

Skills & abilities

- **Web Technologies**: HTML, CSS, JavaScript, React (learning)
- **Frameworks & Libraries**: Bootstrap, React
- **Tools**: VS Code
- **Programming Languages**: C, C++, Assembly
- **Concepts & Methodologies**: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA) in C++
